TECHNOLOGY BANKING

Since 2022, we've focused on upgrading our banking system with the latest technology to offer top-notch services, ensure transparency, and meet RBI requirements. We integrated all NPCI services like Net Banking, NEFT, RTGS, IMPS, and UPI. Notably, our bank was the first partner bank with Axis Bank to enable NEFT/RTGS transactions via API in India. Alongside, we've made significant progress in digitalizing our systems by implementing various features.
